We hand select our seafood and slow roast all of our meats and poultry. Of course, our salads, soups and sauces are made here as well. Only the freshest produce from local farmers is used whenever possible and we receive food daily to assure our guests will consistently receive only the freshest products available.

We care about your opinion and hope that you feel comfortable letting us know if something is less than great. This is the only way we can become even better! After all, we wouldn't be here if it wasn't for you!
